## ■ International Pavilions

Every year at MEDICAL JAPAN, there are international pavilions showcasing their countries/regions' advanced products and technologies. At Osaka 2020, 8 pavilions gathered great attention from Japanese importers and also visitors from Asian countries.

## ■ One-to-One Business Matching Support with Int'l Exhibitors and Importers

MEDICAL JAPAN provides free business matching support for International exhibitors. In this edition, 415 meetings were arranged by Show Management. Show Management made appointments with importers and took them for one-to-one meetings with the exhibitors. This way, exhibitors meet importers efficiently and have in-depth meetings.

This year, exhibitors with infection control, sterilization products, disposable supplies drew strong attention reflecting the current situation. Japanese importers and distributors have strong needs in meeting new business partners now and this trend is expected to continue for the coming year.
